

Make Sure You Have Travel Insurance

We do encourage all our guests to take out their own travel insurance. You can even get a whole year policy which will cover you for all our events.

If you should have to cancel for any reason, even on the day. We are more than happy to supply you with any required paperwork to help you claim your money back from your insurers.

We have to pay the venues in advance for all our events. So sadly late cancellations do result in us not being able to offer refunds, as the money has already been transferred but with the correct insurance cover, you should be able to claim it back from your insurance.

Please visit our website to see our full terms and conditions including our cancellation policy: <https://mervandmaria.com/info/terms-and-conditions>

All Deposits Are Non Refundable Or Transferable.

We take deposits to hold your place and accommodation for that event. We have to handle the admin for your booking, card charges and extra costs included.

We also often turn guests away when events become fully booked so for these reasons deposits are all non refundable or transferable.

Make sure you're insured and we'll happily help where we can should you ever have to cancel.

All the very Best,

Merv & Maria xx
